Investing with purpose

[Debt Products](#)

BlueOrchard is a leading commercial microfinance investment company.

Our mission is to empower the poor worldwide and improve their quality of life by enabling them to participate in income-generating activities.

[Private Equity Fund](#)

We achieve this by developing and managing innovative and attractive **financial products and services** that invest in **microfinance institutions** who support millions of promising small enterprises in low-income regions worldwide. At the same time, our investment products generate profitable returns for **our investors**.

Debt Products

We manage a range of different funds totalling well over USD 800 million that provide credit to microfinance institutions world-wide
